MANAGER STARR RETURNS

From the Salem Meeting of the Ohio

State Base Ball League. Manager Starr, of the Wheeling club

of the Ohio state league, returned last night from the Salem meeting of the league magnates. He reports the affairs of the organization in good shape. The schedule will be made public next week. The league did not elect a president, leaving that office to be filled by a committee. George Hammond, of Canton, will probably be chosen to the office.
Eddie Madden, of Springfield, yesterday wired the management of the local club to send him a ticket to Wheeling. He was wired that the ticket would be sent at once, and the speedy Inter-stater will be here early next week. He

BENWOOD.

Breezy News Items Gathered in the Busy

The board of education is nov struggling with the problem of more and more room is to be a certainty that has to be dealt with. At present, in the lower rooms, the children who at tend the forenoon sessions must give so that they receive but one-half a so that they receive but one half a day's lessons each day. The recent allotment to this district of additional railroad taxes places the board on a better financial Tooling, and in the connection of proposed additions, or, another building, it has been suggested that the board would do well to purchase the old M. E. church building, at the corner of Eighth and McMechen streets. It is said that a reasonable figure can secure it. This building could be used even as a high school, a proposition which has many advocates, and if the high school shouldn't find favor, it could be used for the lower grade pupils.

Speaking of the publication in the "Register" of the 19th of this month, to the effect that he had been in Benwood the previous day and had "secured the signature of salcon keepers who wished to apply to the county court for liquor license." D. B. Evans said: "There is not an iota of truth in that statement. In the first place, I am not an assistant prosecutor, and in the second place I did not secure signatures for any such purpose. The entire article, so far as it relates' to my agency in the matter, is an out and out fabrication."—Moundsville Herald.

If the proper efforts had been made
a few days ago, Benwood could have
had the honor of putting a company in
the field, as it is giving many volunteers to the organizations in Wheeling

second call for troops.

Benwood was a little slow in war decorations, especially in the central part of town. The flags were in more evidence in the First ward, among the first patriots being Major John Lubic and Hannes Kline. The city building would float Old Glory, if it had a flag staff. A flag staff should be secured.

The granting of state licenses to Ben-wood saloons will lessen the number of saloons, thereby entailing a loss of revenue to the town. There has been talk of increasing the town license from \$150 to \$200, but it isn't certain that this measure will be attempted. Mayor Shepard has taken a determined stand against slot machines and says that they must go during the two years' term of his office.

The damaged bollers at the lower steel plant are not repaired yet, but will be in a few days.

A man who neglects his health is sailing his craft of life in dangerous seas. He cannot too soon awaken to the fact that he is imperiling his most precious endowment. All the wealth in the world, all the power in the world, all the pleasure in the world, all the love and poetry and music and nobility and beauty are but dust in the mouth of the man who has lost his health. and nobility and beauty are but dust in the month of the man who has lost his health. Keeping healthy means looking after the disorders that ninety-nine men in a hundred neglect. You cannot get the average, every-day man to believe that indigestion or billousness, or costiveness or headache or loss of sleep or appetite, or shakiness in the morning and duliness through the day amount to much anyway. He will "pooh, pooh" at you, until some morning he wakes up and finds himself sick abed. Then he will send for a doctor and find out to his surprise that all these disorders have been but the danger signals of a big malady that has robbed him of his health, possibly forever. It may be consumption or nervous prostration or malaria or rheumatism or some blood or skin disease. It matters not, they all have their inception in the same neglected disorders. Dr. Pierce's Golden Medical Discovery makes the appetite keen, the digestion perfect, the liver active, the blood pure, the nervea steady and gives sound and refreshing sleep. It is the great blood maker and fesh-builder, it cures 98 per cent, of all cases of consumption. In fact brouchial, throat and lung affections generally yield to it. Medicine stores sell it.

"I have sold Ayer's Sarsaparilla for more than twenty-five years, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. A preparation must poasess great merit to maintain such a reputation. I believe your sarsaparilla to be the best blood purifier that has ever been introduced to the general public. I often hear other manufacturers say that this is "as good as Ayer's," but no one ever yet heard it said that Ayer's was "as good" as any other kind. They always sot Ayer's up as the standard of excellence."—E. F. BOYCS, Duluth, Minn.
